School Modernization Fund Narrative Questions

Please briefly describe how population trends may have impacted district planning

Lapwai School District Enrollment has remained steady. No significant population trends have influenced district planning. Enrollment in 2021-22 was 495, in 2022-23 was 500, and we ended the 2023-24 at 502.

Please briefly describe possible changing preferences in the school district's education delivery may have impacted district planning

School Modernization Funds will be prioritized for critical maintenance needs and safety updates.

Growing college and career readiness opportunities and increased career and technical education instruction did influence our decision to pursue Idaho Career Ready Students funding. We were awarded \$1,278,843 to accompany a \$51,200 material donation by R&M Steel Company in Caldwell, Idaho. We look forward to expanding the CTE instructional space at Lapwai Middle-High School.

To the best of your knowledge, please outline anticipated new construction over the next 10 years. Include details such as square footage, estimated costs, timeline, etc. Attaching existing information for this area is acceptable:

School Modernization Funds will be prioritized for critical maintenance needs and safety updates. No new construction is anticipated over the next 10 years.

To Whom It May Concern:

It is with the greatest pride and confidence I share a commitment to continue a partnership with Nimiipuu Health's Memory Care Program. The leadership of elders are the heart of Nez Perce Culture and treasured in the Lapwai community. Many of our students are from multigenerational households and act as caregivers for elders experiencing memory loss. It is critical we engage our youth in education for recognizing the signs and symptoms and reducing risk factors which can develop into dementia later in life.

Jessica Ford is the Coordinator for the Nimiipuu Health Memory Care Program. Jessica has a history of successful collaboration with the Lapwai School District and our youth. She was an incredible resource in a previous Strategic Prevention Framework role through the Lapwai Community Coalition. The drug and alcohol prevention activities she facilitated were outstanding. I am excited Lapwai School District students will continue to benefit from her big heart for youth in the Lapwai community.

Please provide the Nimiipuu Health Memory Care Program with your strongest time and consideration. Never hesitate to contact me if I may provide additional information regarding this critical collaboration with the Lapwai School District. Qe'ciyew'yew, Thank You.

The Honorable Miguel A. Cardona
Secretary of Education
U.S. Department of Education
400 Maryland Avenue SW
Washington, DC 20202

Dear Sir:

Please consider this as my letter of support for the Counseling Center at Tree City in partnership with the Academic Development Institute (ADI) Advancing Partnerships for Equity and Excellence (APEX) application to the U.S. Department of Education for a Region 11 Comprehensive Center Program Grant that will serve the states of Alaska, Idaho, Montana, Oregon, and Washington. The proposal for the Region 11 APEX Comprehensive Center will bring great benefit to the students, families, schools and communities of the Region 11 States by addressing the varied and distinct educational attainment and academic achievement needs of the urban, suburban, rural and tribal educators and students supported by our organization by providing high-quality capacity-building services to improve educational opportunities and outcomes, close achievement gaps and improve the quality of instruction.

The goals of this new Center are both outstanding and reachable, and the proposed partnership will provide needed additional supports, approaches, and a systemic process for data-driven services delivery by organizations, researchers, and consultants with a strong history of service and success that will benefit the students, teachers, and education administrators of Region 11. This proposed Comprehensive Center has exciting potential with its focus on technical assistance and professional development tailored to support the priorities stated by our organization for States to be accountable in implementing their Every Student Succeeds Act Consolidated State Plan.

I have every confidence that such a Center will have long-lasting and far-reaching results for the people of the Region 11 States, and I heartily endorse this application for funding.

Sincerely Yours,

EDUCATIONAL PROGRAM

Series 600

Policy Title: GRADUATION CEREMONY

Code: 603.9.1

Graduation ceremonies are to be part of the accepted procedures for seniors who fulfill the graduation requirements as set forth by the State Board of Education and the Lapwai Board of Trustees.

1. The ceremonies are to be conducted in a manner of dignity and respect; dignity for all and respect for others, including your classmates, teachers, parents, board members and administration is paramount.
2. ~~Guest speakers for these exercises will be chosen by the administration. Fees for speakers will be paid by the district or student body. Seniors may be allowed to provide input as to whom is chosen by the end of the first semester. (We currently have 3 student speeches including Student Body President, Salutatorian, and Valedictorian.)~~
3. Music and songs may be chosen by the graduating class upon approval of class advisors and the school administration. Good taste must prevail.
4. The valedictorian and salutatorian are chosen by class ranking as determined by grade point average over the first seven semesters of high school.
5. Class colors are determined by the graduating class.
6. The class motto is also determined by the graduating class (as long as it is done in a serious manner). The class advisor will help in the selection process.
7. Traditionally, the senior class president delivers the “class history” speech, the valedictorian the valedictory, and the salutary address is given by the salutatorian. These speeches must be read and approved by the class advisors and the high school principal. The purpose for this is to edit and to ensure they are in good taste and appropriate for the occasion.
8. The manner and order in which the graduates will march during the commencement exercises will also best be determined by the advisors and administration. The marching order will not necessarily be in relation to class rank, but rather in relation to how the graduates will best be seated on the stage and in accordance with other considerations deemed appropriate and necessary.
9. Graduation parties are not part of the responsibility of the school, but rather that of the parents. The school will provide a meeting place for parents upon request.
10. ~~Graduation dress will be traditional cap and gown. Those who are considered National Honorary students will be allowed to wear gold cords. No other decorations on the caps and gowns will be allowed without prior approval by the principal.~~ The school provides stoles, however, additional stoles are allowed. Honors students will be provided a gold cord. Honor Society students will be provided an additional stole, cord, or pin. Graduates are allowed to decorate/bead their caps. Decoration of the gown requires design preapproval from the principal. Additional decorations gifted to graduates such as leis and necklaces are reserved for the recessional line.
11. Graduation is a time for excitement and great expectations. It is expected that the utmost dignity must be exercised.
12. Diploma covers are empty when presented to graduates during the ceremony. Students sign for their diploma with a Senior Advisor following the ceremony.

Policy Title: MILITARY LEAVE OF ABSENCE

Code: 403.11

All District employees, other than those who are employed on a temporary basis who are not qualifying temporary employees, are entitled to military leave of absence when:

1. Ordered to active duty for training as members of the Idaho National Guard or any component of the U.S. Armed Forces; or
2. Ordered by the governor, adjutant general, or other lawful authority to active duty, training, or other duty as members of the National Guard/State-recognized militia of the State of Idaho or any other state.

Employees shall be entitled to reinstatement to their former positions or comparable positions if the right is exercised in a timely manner as noted below.

The District shall notify each employee entitled to rights and benefits under the Uniformed Services Employment and Reemployment Rights Act (USERRA) or under IC 33-527 of their rights, benefits, and obligations under USERRA and under IC 33-527 and those of the District.

Notice to District

All employees should provide either written or oral notice of upcoming military leave to the District as soon as reasonably practical. The employee or an appropriate officer of the branch of the military in which the employee will serve may provide the notice. Employees who are ordered for such duty shall provide one copy of their orders or other official documentation from the appropriate military authority to the Superintendent. Notice of leave for military training shall include date of departure and date of return for purposes of military service 90 days prior to the date of departure. The Superintendent shall authorize the employee's military leave when the employee submits a copy of this documentation. Such leave shall begin on the date of departure indicated on the documentation.

Military Leave for Training or Short Term Duty

Employees who are required to attend active duty, inactive-duty training, funeral honors duty, or field or coast defense training as a Reserve of the armed forces or member of the National Guard shall not suffer any loss of salary, seniority, or efficiency rating during the first 15 work days of such absence in any fiscal year. Leave will be without loss of benefits.

In the case of a part-time employee, military leave for training or short-term duty shall accrue at a rate of 15 days per year multiplied by a percentage determined by dividing by 40 the number of

hours in the regularly scheduled workweek of that employee during that fiscal year. Unused leave shall accumulate until it totals 15 days.

Completion of Military Training

Upon completion of military training, the employee shall immediately give evidence of their satisfactory completion of such training. The employee shall be restored to their previous or similar position with the same status, pay, vacation leave, sick leave, bonus, advancement, and seniority. The employee shall continue to accrue seniority during such period of absence.

Benefits for Uniformed Service Personnel on Active Duty

Compensation

Any employee who is a member of the uniformed services, the reserve components, or the National Guard/State-recognized militia of this state or any other state, and who is ordered to active duty, training, or other performance of duty requiring absence from work shall be entitled to [SELECT ONE: ten OR MORE] days of paid military leave each school year.

Any employee with available annual or vacation leave may take this leave concurrently with any unpaid military leave.

Pension and Retirement Plans

Pension and retirement plans are considered a benefit to which reinstated employees are entitled. Any normal contributions will continue to be made for service members who are absent for 90 days or fewer. If the employee has been absent for military service for 91 days or more, the District may elect to delay making retroactive pension contributions until the employee submits satisfactory reemployment documentation.

Medical Insurance

Health benefits will be offered to the extent they are available to other employees on leave. An employee performing military service for 30 days or fewer is not required to pay more than the normal employee share of any health premium. If the employee's military service is for 31 days to 24 months, the health plan will offer continuous coverage. An employee on military leave may elect to continue health care coverage through the District for up to 24 months after the military leave begins or for the period of military service, whichever is shorter. The District's obligation to provide health benefits ends once an employee's military leave exceeds 24 months. When the employee is reinstated, a waiting period or exclusion cannot be imposed if health coverage would have been provided to the employee had they not been absent for military service.

Reporting to District Once Military Leave is Complete

The standard military service length and reporting times are:

1 to 30 Days of Military Service: The employee reports to the District by the beginning of the first scheduled work day that falls eight hours after the end of the last calendar day of military service.

31 to 180 Days of Military Service: The employee must submit an application for reemployment no later than 14 days after completion of service in the armed forces. If the 14th day falls on a day when the District's offices are not open or available to accept a reemployment application, the time extends to the next business day.

181 Days or More of Military Service: The employee must submit an application for reemployment no later than 90 days after completion of military service. If the 90th day falls on a day when the employee's offices are not open or available to accept a reemployment application, the time extends to the next business day.

Cases of Disability: Employees who are hospitalized or recovering from a disability that was incurred or aggravated during the period of military service leave have up to two years to submit an application for reemployment.

There is an exception to these guidelines for those employees who, through no fault of their own, find themselves in a situation that makes it impossible or unreasonable to meet the required timetables. In those cases the employee must return to work as soon as possible.

Disqualification From Returning to Work

There are four conditions that disqualify an employee from exercising their right to reemployment after military service:

1. A dishonorable or bad conduct discharge;
2. Separation from the service under "other than honorable conditions";
3. A commissioned officer's dismissal via court martial or by order of the President; and
4. When a service member has been dropped from the rolls for being absent without authority or for civilian imprisonment.

Reinstatement to Positions After Extended Duty

Employees who volunteer, are drafted, or are called to active duty for extended periods will be placed on "Military Leave of Absence" upon written application and will be entitled to reinstatement to their former or similar positions upon their return and under the following conditions:

1. They must not have remained on active duty beyond their first opportunity for honorable or general release; and
2. They must report to claim reinstatement within the timelines specified under “Reporting to District Once Military Leave is Complete” above.

After an employee has been absent for 31 days or more of military service, the District may ask the employee or the employee’s military unit for documentation showing that:

1. The employee submitted a timely application for reemployment;
2. The employee’s length of military service has not exceeded the five year limitation; and
3. The employee’s separation from the military service meets the requirement for reemployment.

As a general rule, employees returning from military service must be reemployed in the job that they previously held, or would have attained had they not been absent for military service. If the employee was disabled while on military duty, or a disability is aggravated by military service, the District will make reasonable efforts to accommodate the disability.

Policy Title: ENGLISH LEARNERS PROGRAM

Code: 501.2

In accordance with the Board's philosophy to provide a quality educational program to all students, the District shall provide an appropriate planned instructional program for identified students whose dominant language is not English. The purposes of the program are:

1. To help ensure that English learners, including immigrant children and youth, attain English proficiency and develop high levels of academic achievement in English;
2. To assist all English learners, including immigrant children and youth, to achieve at high levels in academic subjects so that all English learners can meet the same challenging state academic standards that all children are expected to meet;
3. To assist teachers (including preschool teachers), principals, and other school leaders, state educational agencies, local educational agencies, and schools in establishing, implementing, and sustaining effective language instruction educational programs designed to assist in teaching English learners, including immigrant children and youth;
4. To assist teachers (including preschool teachers), principals and other school leaders, state educational agencies, and local educational agencies to develop and enhance their capacity to provide effective instructional programs designed to prepare English learners, including immigrant children and youth, to enter all-English instructional settings; and
5. To promote parental, family, and community participation in language instruction educational programs for the parents, families, and communities of English learners.

Accordingly, the Board shall adopt a program of educational services for each student whose dominant language is not English. The program shall include bilingual/bicultural or English as a Second Language instruction.

The Superintendent or designee shall implement and supervise an English Learners program which ensures appropriate English Learners instruction and complies with applicable laws and regulations.

The Superintendent or designee, in conjunction with appropriate stakeholders, shall develop and disseminate written procedures regarding the English Learners program, including:

1. Program goals;
2. Student enrollment procedures;
3. Assessment procedures for program entrance, measurement of progress, and program exit;

4. Classroom accommodations;
5. Grading policies; and
6. A list of resources, including support agencies and interpreters.

The District shall establish procedures for identifying students whose dominant language is not English. For students whose dominant language is not English, assessment of the student's English proficiency level must be completed to determine the need for English as a Second Language instruction.

Students whose dominant language is not English should be enrolled in the District upon proof of residency and other legal requirements. Students shall have access to, and be encouraged to participate in, all academic and extracurricular activities of the District.

Students participating in English Learners programs shall be required, with accommodations, to meet established academic standards and graduation requirements adopted by the Board.

The English Learners program shall be designed to provide instruction which meets each student's individual needs based on the assessment of English proficiency in listening, speaking, reading, and writing. Adequate content-area support shall be provided while the student is learning English to assure achievement of academic standards.

All English Learners shall be assessed annually using the state-approved assessment of English language proficiency.

The English Learners program shall be evaluated for effectiveness as required, based on the attainment of English proficiency, and shall be revised when necessary.

Statewide Assessments

English Learners shall participate in the District's statewide assessments, unless 20 USC 6311(b)(3) and the regulations of the State Department of Education allow for their exclusion from an assessment.

To be eligible for exemption from the Idaho Reading Indicator, a student must have been enrolled in the District for less than two full school years, and must score less than a two on the English Language proficiency assessment. If a student qualifies, the Superintendent or designee shall determine whether a student should be exempted before the administration of the Fall assessment and for the remainder of that school year. The Superintendent or designee may require a student who qualified for the exemption to take the Idaho Reading Indicator if they determine that it is educationally appropriate or if it serves as a prerequisite for that student to qualify for additional education services.

At the beginning of each school year the District shall notify parents of students qualifying for

English Learners programs about the instructional program and parental options, as required by law. Parents/guardians will be regularly apprised of their student's progress. Whenever possible, communications with parents or guardians shall be in the language understood by the parents.

The District shall maintain an effective means of outreach to encourage parental involvement in the education of their children.

Reporting

At the conclusion of every second fiscal year during which grant funds are received, the Superintendent or designee shall provide the Idaho Department of Education with a report, in a form prescribed by the Department describing the District's English Learner program and activities and providing the District's applicable demographic data.

Policy Title: HEALTH ENHANCEMENT EDUCATION

Code: 505.11

Health, family life, and sex education; including information about parts of the body, reproduction, and related topics; shall be included in the instructional program as appropriate to the grade level and course of study. The instructional approach shall be developed after consultation with parents and other community representatives. Parents shall be given the opportunity to review the materials to be used and may request that their child be excluded from sex education class sessions without prejudice. Any parent/legal guardian may have their child excused from any planned sex education instruction upon filing a written request with the Superintendent or the Superintendent's designee. The Superintendent or designee shall make a form available for such requests. Alternative educational activities shall be provided for those excused.

Sex Education

The Board directs that sex education instruction shall include instruction on abstinence.] However, it is recognized that this alone may not prevent pregnancies and sexually transmitted infections (STIs). Therefore, the Board allows for instruction in sex education including STIs, birth control, adoption, and general human sexuality. In all cases the known facts will be taught, not the opinions or moral judgment of the instructor. This does not preclude giving impartial viewpoints on both sides of issues such as abortion or on the use of birth control methods.

Any sex education instruction shall include instruction on:

1. Available adoption resources and current adoption practices in the United States as a means of providing for the well-being of a child;
2. The Idaho Safe Haven Act, IC 39-8201 et seq.; and
3. Where to find resources and support in the State of Idaho.

The Board believes instruction on sexually transmitted infections (STIs) is most effective when integrated into a comprehensive health education program. Instruction shall be developmentally appropriate to the grade level of the students and shall occur in a systematic manner. The Board particularly desires that students receive proper education about STIs before they reach the age when they may adopt behaviors that increase their risk of contracting an STI.

In order for education about STIs to be most effective, the Superintendent shall require that faculty members who present this instruction receive continuing in-service training that includes appropriate teaching strategies and techniques.

No sex education materials or instruction may be provided by any individual or organization that is an abortion provider.

Alcohol, Tobacco, and Drug Education

Students shall receive education regarding the use of alcohol, tobacco, and drugs. The Superintendent or designee shall develop curriculum for use in health education that provides instruction to students in the areas of prevention; education; treatment; rehabilitation; and legal consequences of alcohol, tobacco, and drug use.

Parents/guardians shall be notified of any new health services that become available after the annual notice is sent.

Such services may include, but are not limited to:

5. Immunization as provided by the Department of Health and Human Services.

Parents/guardians will receive a written notice of any screening result which indicates a condition that might interfere or tend to interfere with a student's progress. Additionally, if a member of the District's staff becomes aware of a change in the student's mental, emotional, or physical health or well-being, the staff member shall address the matter as described in Policy 2425.

The District will not furnish health care services or solicit to furnish health care services to a student without parent/guardian consent to do so or by court order, unless a medical emergency exists and:

1. Furnishing the health care service is necessary to prevent death or imminent, irreparable physical injury; or
2. The health care provider can't contact the parent/guardian despite a reasonably diligent effort and the minor child's life or health would be seriously endangered by further delay in the furnishing of health care services.

Parents/guardians may be given the option to provide blanket consent to the District furnishing health care services or soliciting to furnish health care services to a student.

If a parent/guardian declines to consent to a health care service for their student, the staff member responsible for seeking such consent shall document their efforts to contact the parent/guardian to obtain their consent and shall also document the parent/guardian's refusal of such consent or failure to respond. If such health service was offered because the student is suspected of having a health problem, the parent/guardian will be notified of this suspicion according to Procedure 2425P Parent Rights — Parent/Guardian Notification of Changes in Student Health and Well-being.

Further, parents will be notified of the specific or approximate dates during the school year when any non-emergency, invasive physical examination or screening administered by the District is conducted which is:

1. Required as a condition of attendance;

- 2. Administered by the school and scheduled by the school in advance; and
- 3. Not necessary to protect the immediate health and safety of the student or other students.

As used in this policy, the term “invasive physical examination” means any medical examination involving the exposure of private body parts or any act during such examination that includes incision, insertion, or injection into the body, but this does not include a hearing, vision, or scoliosis screening.

Students who wish to participate in certain extracurricular activities may be required to submit to a physical examination to verify their ability to participate in the activity. Students participating in activities governed by the Idaho High School Activities Association will be required to follow the rules of that organization, as well as other applicable District policies, rules, and regulations.

All parents will be notified of the requirements of the District’s policy on physical examinations and screening of students, at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy.

Abortion-Related Counseling and Referrals Prohibited

All staff are prohibited from providing the following services to any person during working hours or in the course of their work:

- 1. Providing or performing an abortion;
- 2. Counseling in favor of abortion;
- 3. Referring for abortion; or
- 4. Dispensing emergency contraception, except in the case of rape.

Series 600

Policy Title: LIBRARY MATERIALS

Code: 604.6

The school library is a principal location for students to inquire, to study and evaluate, and to gain new maturity and understanding. The District has the authority to regulate education and to determine the contents of the library collection. However, the Board also recognizes students' First Amendment constitutional rights. The school and classroom libraries of this District are guided by the principles set forth in the Library Bill of Rights and by the Idaho Children's School and Library Protection Act.

Additionally, the District's school libraries adhere to all applicable District policies and procedures pertaining to student privacy and compliance with the Family Educational Rights & Privacy Act (FERPA) when it comes to records of materials checked out by students and any other student records. Pursuant to State law, the Board has the duty and responsibility to equip and maintain a suitable library and to exclude therefrom all books, tracts, papers, and catechisms of a sectarian nature.

School library books are provided primarily for use by District students and staff. Library books may be checked out by either students or staff. Individuals who check out books are responsible for the care and timely return of those materials. The building principal may assess fines for damaged or unreturned books.

District residents or parents/guardians of nonresident students attending the District may be allowed use of library books at the discretion of the building principal. However, such access shall not interfere with regular school use of those books. Use of the library books outside of the District is prohibited except for interlibrary loan agreements with other libraries.

Access to Restricted Materials

The school library may have resources available to students that are available only with parent/guardian permission for minor students. Students' access to such materials shall require a permission slip signed by their parent/guardian. The permission slip may provide permission to access one or more specific materials or provide permission to access materials in the restricted access section. Students over the age of 18 may check out materials in the restricted access section.

EDUCATIONAL PROGRAM

Series 600

Policy Title: LEARNING AND LIBRARY MATERIALS REVIEW AND RECONSIDERATION

Code: 604.7

Parents/guardians have the right to guide the reading, viewing, and listening of their own children but must likewise give the same right to other parents/guardians. The Board has a constitutional obligation to not remove materials simply because it disagrees with subject matter **unless such ideas are in violation of I.C. 18-1514**. The First Amendment to the US Constitution encompasses not only freedom of share one's views but also freedom to receive information.

Any parent/guardian of a District student, any student, or any employee, **[OPTIONAL: or any District resident]** may formally challenge a specific learning material item used by the District's educational program. Challenges will only be accepted from individuals belonging to at least one of these groups.

Learning materials, for the purposes of this policy, are not limited to Board approved curriculum but shall also be considered to be any material used in classroom instruction, materials available to students in the classroom, library materials, or any materials to which a teacher might refer a student as part of the course of instruction.

The major criterion for deciding whether to keep or remove a challenged resources is the appropriateness of the resource for its intended educational use. This may include:

1. The appropriateness of the material for the instructional objectives it is used to teach;
2. The appropriateness of the material's level of difficulty; and
3. The appropriateness of the material for the age group(s) with which it is used. Library **and classroom** materials shall be considered in light of their appropriateness for the oldest students who will have access to them.
4. **Whether the material meets the definition of "harmful to minors" provided below.**

For the purposes of this policy, the term "harmful to minors" has the meaning provided in IC 18-1514 and I.C. 18-1517B:

"Harmful to minors" includes in its meaning:

1) The quality of any material or any performance or of any description or representation, in whatever form, of nudity, sexual conduct, sexual excitement, or sado-masochistic abuse, when it:

a) Appeals to the prurient interest of minors as judged by the average person, applying

contemporary community standards; and

b) Depicts or describes representations or descriptions of nudity, sexual conduct, sexual excitement, or sado-masochistic abuse which are patently offensive to prevailing standards in the adult community with respect to what is suitable material for minors and includes, but is not limited to, patently offensive representations or descriptions of:

i. Intimate sexual acts, normal or perverted, actual or simulated; or

ii. Masturbation, excretory functions or lewd exhibition of the genitals or genital area. Nothing herein contained is intended to include or proscribe any matter which, when considered as a whole, and in context in which it is used, possesses serious literary, artistic, political, or scientific value for minors.

No library material shall be removed solely because of the ideas expressed therein.

Informal Process

Any individual identified above who wishes to raise a complaint about a piece of learning material should first discuss the matter informally with the teacher, librarian, or other staff member who oversees its use. The patron should explain their objection to the material.

The staff member shall try to resolve the matter informally through such measures as:

1. Explaining the District's materials selection process, the criteria for selection and the qualifications of the professional staff who selected the questioned resource;
2. Explaining the intended educational purpose of the resource, its value as a resource, and any additional information regarding its use; and/or
3. Offering a concerned parent an alternative instructional resource to be used by that parent's child in place of the challenged resource in a manner that complies with Policy 2425 Parental Rights.

All informal complaints made to staff members of the District shall be reported to the building principal, whether received by telephone, letter, or in personal conversation. If the complainant wishes to make a formal challenge, the staff member shall direct the complainant to this policy.

Formal Process

An eligible party who wishes to make a formal objection should submit their complaint in writing to the principal of the building where the material is used using a form provided by the District. At minimum, the complaint shall reference specific sections of the materials or resources that produced the formal complaint. Vague or incomplete complaints will not be submitted to the learning materials review committee.

The building principal shall forward the form to the Superintendent.

The Superintendent shall convene a learning materials review committee, who will provide an objective evaluation of the material. The committee shall contain an odd number of members. Members of this committee may include such parties as:

1. Instructional staff who have experience using the challenged resource with students;
2. Other teachers and librarians. If the challenged material was selected by a specific teacher or librarian, that individual will not be selected for the committee. If the District has only one librarian and that librarian selected the material in question, the District may seek to include a librarian from a nearby public library or school district on the committee;
3. Administrators;
4. Parents/guardians of District students, including parents whose children have already graduated; and
5. Any other appropriate individuals selected by the Superintendent.

A person who has submitted a formal complaint regarding a learning material shall not participate in the review of that item as a committee reviewing the material. If the complainant serves on a standing learning materials review committee, they shall recuse themselves from all committee activities related to review of the material.

All members of the committee shall review the challenged resource. They shall also consider written or verbal comments submitted by District students, parents/guardians of District students, District employees, and District residents on the material in question. For library materials, the resource in question must be read or reviewed in full by each committee member. For materials that are a part of material used in classroom instruction, the teacher shall present to the committee on its role within the classroom. Passages or parts of the work in context shall not be considered out of context, and the values and faults of the work should be weighed against each other. Decisions about what action to take regarding the material shall be based on the materials as a whole. Where appropriate, the committee may solicit advice or opinion from other District staff and/or relevant professional organizations of librarians, English teachers, or other appropriate professionals.

The committee shall vote on whether the challenged resource should be kept or removed in accordance with the principles set out in this policy or whether some other change should be made. In the case of library material, it shall include a recommendation to:

1. Retain the material in its original location; or
2. Relocate the material to another location, such as a library or classroom that serves older students; or
3. Remove the material entirely.

The committee shall prepare a written report of its findings and provide copies to the Superintendent, the complainant, and to staff members who oversee use of the resource, that

includes both majority and minority opinions on the learning material or library resource under consideration. The report may differ depending on the type of resource being challenged.

The Superintendent shall review the committee's report. If the material under consideration is part of the District's curriculum, and if the committee votes in favor of removing it from the curriculum, the Board shall review the report, and the Board shall determine whether the challenged resource should be kept or removed or whether some other change should be made.

If the material in question is a library resource, **classroom library resource**, or other material available to students and not part of the District's Board-approved curriculum, the Superintendent shall determine whether to accept the committee's recommendation or whether some other change should be made. The Superintendent shall notify the complainant of the outcome, including the recommendation of the committee. This decision in this regard may be appealed to the Board.

If an appeal of the Superintendent's decision is made to the Board, the Board has the sole discretion in determining how to handle the complaint review, including but not limited to the Board's option of solely reviewing the committee's report and making a determination or seeking to speak with the parties involved in the complaint during a properly noticed meeting of the Board. The decision of the Board will be final.

Board Policy 3281: Gender Identity and Sexual Orientation

Status: ADOPTED

Original Adopted Date: 05/01/2023 | **Last Revised Date:** 06/18/2024 | **Last Reviewed Date:** 06/18/2024

NOTE: This is an optional policy.

The Board believes in fostering an educational environment that is safe and free of discrimination for all students, regardless of sexual orientation, gender identity, or gender expression. This policy is designed to create a safe learning environment for all students and to ensure that every student has equal access to all school programs and activities. Failure of any school student or school employee to abide by the terms and provisions of this policy will subject such individual to disciplinary action.

If a student, parent/guardian, or District employee has an issue or concern related to this policy, they should discuss the concern with **[building principal OR _____]** so that a resolution can be reached.

A student or the student's parent/guardian may request a meeting be held with the building principal, the student, and the student's parent/guardian to discuss a change in the student's gender expression or identity. The goal of the meeting is to develop understanding of that student's needs with respect to their gender identity and create a plan to address those needs. If the school's staff believe that a gender identity or expression issue is presenting itself and creating difficulty for the student at school, it may be appropriate for the school's administrative staff and/or counselor to approach the student's parent/guardian about the issue. An individual teacher shall not approach a student's parent/legal guardian to address such a student situation. Instead, they shall notify the building principal or school counselor. The building principal or their designee shall work with the counselor to notify the student's parent/guardian and take any appropriate further steps.

The student's use of restrooms, changing facilities, and sleeping rooms shall be addressed as described in Policy 9605. In no case will a student be denied the right to participate in school activities and/or an overnight trip because of that student's transgender status or sexual orientation.

School Activities

The District will provide all students the opportunity to participate in any activities segregated by gender in a manner that is consistent with their gender identity consistently asserted at school. However, activities under the direction of the Idaho High School Activities Association (IHSAA) shall be subject to IHSAA rules and regulations.

Student Records and Privacy

The District's official records required by law shall utilize a student's legal name. In situations where State or federal law or administrative rules require school employees to use or report a student's legal name or gender, such legal name or gender shall be utilized. However, school staff shall use practices to avoid the inadvertent disclosure of the student's transgender status.

Information regarding a student's sexual orientation, gender identity, gender expression, legal name, or gender assigned at birth may constitute confidential information. Disclosure of such information shall be in accordance with District policies pertaining to student privacy. The student's educational record shall not include mention of the student's sexual orientation.

~~In the course of ordinary school interactions and communication, District staff shall use the name and pronouns consistently asserted by the student at school, regardless of the student's legal name and sex. A student is not required to legally change their name, gender, or official school records as a prerequisite to the use of a name and the pronouns consistent with the student's identity. Intentional and persistent refusal to use the name and gender by which the student identifies is a violation of this policy and may subject an employee to discipline, up to and including possible termination.~~

Change of Official School Records

District records required by law to include the student's legal name and/or gender will be changed by the District upon the student or former student's presentation of appropriate documentation to the District Office. Any current or former student may present to the Superintendent or designee responsible for student records a copy of a court order or birth certificate identifying a change in the student's legal name and/or gender. The student's records will be changed accordingly.

Confidentiality

School employees should not disclose a student's transgender status or sexual orientation to other individuals, regardless of setting, including the other school personnel unless they have a legitimate need to know or unless the student has authorized such disclosure. Action in violation of such student confidentiality may subject an employee to discipline, up to and including possible termination and for certificated personnel, a report to the Professional Standards Commission.

However, when the school becomes aware of a student's change in a student's gender identity or expression and such change constitutes a change in the student's mental, emotional, or physical health or wellbeing, the building principal and/or school counselor shall notify the student's parent/guardian. The individuals responsible for parental notification shall keep documentation that such notification has occurred detailing the date and time, participants in the communication, manner of communication, and the content of such communication.

Training

The District may conduct staff development or awareness activities for students or parents on transgender issues or gender diversity. However, in regard to such activities the District and its personnel shall not disclose the transgender status of any student without permission of that student and their parent(s)/guardian(s).

Dress Codes

School dress codes shall be gender neutral in all situations, including attire during the traditional school day, school activities including dances and prom, and graduation. The District will allow students to dress in a manner that is consistent with their gender identity within the constraints of the dress codes and any other rules regarding student attire.

Students may wear clothing or accessories that voice their views on lesbian, gay, bisexual, and transgender (LGBT) issues, regardless of viewpoint, provided these conform to the dress code; are not a disruption to the educational environment; and are not obscene, threatening, lewd, or vulgar.

School Dances

The District shall not impose different or unique practices or rules for same sex couples or transgender students who attend and/or participate in school activities, including dances. This includes such matters as prohibition of attendance of same sex student couples, limitations of public displays of affection only applicable to same sex couples, discounted couples tickets, any requirement that dance court titles correspond to sex assigned at birth, and other such distinctions.

Safe Environment

It is the responsibility of the District to strive to provide all students, including LGBT students, with a safe school environment. Discrimination, harassment, bullying, or sexual harassment complaints involving LGBT students shall be handled in the same manner as other discrimination, harassment, bullying, and sexual harassment complaints.

For the purposes of this policy, a student's sex shall be the sex indicated on a student's birth certificate. If a student does not have a birth certificate, consistent with Section 18-4511, Idaho Code, an alternative form of governmental identification may be considered for determination of a student's sex under this policy. Under no circumstances shall District personnel require a medical exam or physical inspection to establish a person's sex.

This policy discusses the use of bathrooms, changing facilities, and sleeping rooms. It does not refer to any other spaces or activities separated on the basis of gender.

All areas assigned as a place to sleep during a District-sponsored overnight trip as well as all District restroom and changing facilities that can be used by more than one person at a time shall be designated for use either by people who are male or female. A person may only enter such a multi-occupancy sleeping area, restroom, or changing facility if the facility's designated sex corresponds to the user's sex, except in the following cases:

1. Sharing of facilities by members of the same family;
2. When a person requires use of such a multi-occupancy sleeping area, restroom, or changing facility and one corresponding to their sex is not reasonably available at the time. In such cases, steps shall be taken to protect the privacy of all students using the facility;
3. A person is employed to clean, maintain, or inspect a restroom, changing room, or sleeping room;
4. A person enters a restroom or facility to render medical assistance;
5. A person who needs assistance is accompanied by one of the following whose sex corresponds to the sex designated for the facility:
 - A. A family member;
 - B. A legal guardian; or
 - C. A designee chosen by the person requiring assistance.
6. Coaching staff and personnel during athletic events;
7. During an ongoing natural disaster or emergency; or
8. When entry to the facility is necessary to prevent a serious threat to good order or student safety.

The sex designation of restrooms and changing facilities may be temporarily changed.

Single-occupancy restrooms and changing facilities or restrooms and changing facilities may be designated for unisex or family use provided they are conspicuously marked as such.

Accommodation Upon Request

Upon written request for accommodation, each District school shall provide reasonable accommodation to any individual who, for any reason, is unwilling or unable to use a multi-occupancy restroom, changing facility, or sleeping room designated for the person's sex. Such accommodation may include use of a single-occupant facility. Such accommodation may not include access to a multi-person restroom, changing room, or sleeping room when:

1. The facility is designated for the sex that does not correspond to the individual's own sex; and
2. A person whose sex differs from the person to be accommodated is or could be present.

The Board directs the Superintendent to take reasonable steps to enforce and implement this policy.
