Code: 402.15

This policy works hand-in-hand with policy 402.14 regarding the district safety program. Employees are expected to use common sense and good judgment under normal and abnormal conditions. Crisis plans need to be followed. No school employee is expected to search any school building or grounds to locate potential bombs. Searches are to be conducted by qualified personnel. Any employee suspecting a bomb is present needs to immediately contact the building principal or designee. This person will notify 911 or appropriate law enforcement to insure that searches are conducted by trained personnel.
