

STUDENT PERSONNEL

Series 500

Policy Title: Academic Intervention Code: 502.11

Students identified as requiring academic support in 6th through 12th grades will be required to enroll in intervention electives to provide assistance in addition to core classes. If assessment data or class performance and grades indicate the student is not performing at grade level, this additional intervention will become mandatory. The principal and guidance counselor will schedule intervention electives for students identified as requiring academic support.
