

STUDENT PERSONNEL
Series 500

Policy Title: STUDENT INSURANCE

Code: 505.4

The Lapwai School District does not furnish health or accident insurance for any student, but does provide a policy whereby parents may choose to enroll their child in an insurance program.

Those students who are participating in athletics are required to either purchase the school insurance or have a letter on file in the principal's office from the parents, stating that the student has coverage and that they will release the school from any responsibility.

Date of Adoption:
Readopted: July 2009
