

**AUXILIARY SERVICES**  
*Series 700*

Policy Title: SCOPE OF PROGRAM

Code: 703.1

The Board of Trustees of District #341 has contracted with the North Central District Health Department for the district health nurse to provide services as outlined in the agreement between the school district and the health department.

Regular public health nursing visits to schools, consultations with teachers, counselors and administrators on any health matters; vision and hearing screening, rechecks and follow-up; scoliosis screening for grades 6-9; inspection of school-age children upon request of teachers; home visits; feedback to teachers of pertinent health information; orientation of teachers regarding health programs and use of the Idaho Pupil Health record; talks on health subjects in the classroom; consultations with parents of preschoolers; dental program in grades 2 and 4; liaison between school, home, family physician and community agencies.

The agreement between the North Central District Health Department and the Lapwai School District may be amended at any time by negotiations.

Date of Adoption:  
Readopted: July 2009
