**Wildcats are Scholars**

Lapwai students continue to go to college at a higher rate than the state average. The latest data reflects a state average go-on rate of 48% with the Lapwai School District well above the state average at 58%. This ranks Lapwai in the top 46 districts with available data in Idaho. This is out of 115 districts and 48 charters in Idaho. I would like to thank Dr. D'Lisa Pinkham, Principal, Josh Nellesen, Academic Guidance Counselor, and the Lapwai Middle-High School staff for all of their efforts to ensure our students are college ready.
