During the 2016-2017 school year students in grades 4 through 10 earning at least one point of growth in comparison to the previous year on *both* the English-Language Arts and Mathematics assessments qualified for an honor roll list and their name in a \$1,000 scholarship drawing. Our winner is Diamond Villalobos, a 7th grader at Lapwai Middle-High School. The district will set the funds aside and send it to the school of Diamond's choosing when he enters any form of higher education after high school graduation. Completing these rigorous assessments is an achievement in perseverance! We are proud of all of our Wildcat Scholars! The students qualifying for the honor roll included:
