5th Graders Connect Literacy to Culture

Mrs. Baldwin's 5th grade is currently reading the novel Number the Stars. This story is told from a ten-year old point of view by Annemarie Johansen. Number the Stars is set in the city of Copenhagen, Denmark in September 1943, the third year of the Nazi occupation. The story includes information about the symbol of the Nazi regime, the swastika. The swastika bears resemblance to the Niimiipuu (the People) symbol, sáplis. The sáplis, which preceded the swastika, is a symbol of goodness. Angel Sobotta told the Niimiipuu story hiyúumtaxto kaa luk'upsíimey to Mrs. Baldwin's class, explaining to the students the origin of the sáplis and importance of being able to share the Niimiipuu symbol as a positive symbol.

Bullying Prevention in High School

Lapwai High Schoolers participate in lunch time games.
Making new friends and including new peers is part of the game.
Inclusion of all is a strategy to prevent bullying.

Monthly calendar brought to you by Lapwai Community Coalition

Lapwai Community Coalition

Let's help heal our communities thru sharing our stories.

Have you lived the life of addiction?

Do you have a story about your road to recovery?

Has drugs or alcohol affected your life because of someone else's addiction?

If you would like to share your story please feel free to submit your story to LCCPC01@gmail.com.

Lapwai Community Coalition would like to share your story (with your permission) on our Facebook page.

Stories can also be written anonymously.

Stories of struggles/sobriety can help others who struggle with addiction or those who have a loved one who struggles with addiction.

Let's celebrate recovery and give hope to those in need of help!

**Lapwai Community Coalition would like
to invite the community to listen to
Mike's story.**

WHEN: Nov. 1, 2017, 6-8pm

WHERE: PineeWaus, Lapwai ID

Story of Addiction & Recovery

Mike Scott presents a powerful presentation, which is based on the obstacles of his life. His story has been presented to over 280 communities in the past three years alone. Mike's story is similar to that of so many First Nations people across Canada and the United States who lived with or dealt with a drug and alcohol background. Mike was in and out of the foster care system and never had a stable upbringing as a child; He has been through many obstacles in his short 28 years of life including incarceration at the age of 12, over dosing at the age of 17, becoming a single father at the age of 19 and tragically losing his mother at the age of 23. Mike has finally broken the dysfunctional cycles that have plagued his family for years. He now travels and shares these stories, as a way to show youth and adults alike that change is possible! His presentation will show the reality of addiction and motivate people to open their own eyes to the cycles they face. Empowering young people to start becoming their own leaders and paving a positive way for future generations. Inspiring adults to want a brighter future for their youth and giving them the tools necessary to be able to relate and understand from their point of view.
