good habits for showing
up on time

**ELEMENTARY
STUDENTS**
read well by the
end of third grade

HIGH SCHOOLERS
stay on track for
graduation

**COLLEGE
STUDENTS**

WORKERS

their jobs

Did You Know?

Students who miss 10% of the school year (19 days) are at the greatest risk for:

- Dropping Out
- Substance Abuse
- Gang Involvement
- Criminal Activity

By 9th grade, regular and high attendance is a better predictor of graduation rates than 8th grade test scores.

GOOD ATTENDANCE FOR SUCCESS

Every Minute in School Counts

If a student is 10 minutes late to school each day, this adds up to missing more than 33 hours of class time. A student with a 90 percent attendance average for Kindergarten through 12th grade will miss over a year of accumulated time in the classroom.

Research shows students who miss 10 percent of school, or two days per month, show negative academic progress.
