Idaho State Department of Education Lapwai Elementary School Improvement Grant

Lapwai Elementary continues to benefit from a School Improvement Grant from the Idaho State Department of Education leading to encouraging growth in student achievement. The grant for this school year has reduced first grade class size and provided reading intervention, ensured continued coordination of Positive Behavioral Interventions and Supports, and brought outstanding consultants to the school strengthening data analysis and research-based interventions.

Did you know?

Schools in Idaho are funded based on average daily student attendance. Absences this year in the first ten weeks of school alone reduced our funding by \$77,595.

Not only do absences mean missed learning, they mean reduced resources for Lapwai students.

Thank you to those students and their families who make regular and punctual attendance a priority. It is the most critical key to success.
