# *Community Resource Specialist & Truancy Interventionist*

We would like to thank Shawna Leighton, Community Resource Specialist and Truancy Interventionist. Shawna can connect families with tribal, county, and state resources. She acts as a mentor for students who struggle with school attendance and supports their academic success. This role has been graciously supported by Local Education Funds from the Nez Perce Tribe.

Shawna has supported students with rides to school and families with gas cards, emergency food, and other assistance. Thank you Shawna for your dedication to the success of Lapwai students!
