Parent Input Opportunities

Please take a moment to review two important opportunities for parent input:

1. Parent Engagement Survey
2. Parent Input Opportunity

Parent Engagement Survey

If you are the parent of a currently enrolled student in the Lapwai School District, we are seeking your input by **March 31st**. Schools across the state are participating in a new parent engagement survey. This survey gives you the chance to share your input on several topics to help measure how our schools are doing in meeting your needs.

The survey only takes a few minutes and your responses are anonymous, but they will be critical in helping us identify opportunities to maximize satisfaction, engagement, and communication.

Parents of currently enrolled students can access the survey by **March 31st** at:

Parent Input Opportunity

The Lapwai School District has created the following parent survey for the evaluation of district faculty. Your opinion matters to us!

The following performance input tool will be forwarded to the appropriate supervisor of the individual upon whom you are commenting. The form will be shared with that individual. The input will be utilized by the supervisor in better understanding how others view their performance during the evaluation process. Please note: This survey is not intended for feedback regarding coaches. Please contact the Middle-High Principal with athletic input.

Digital Awareness for Parents

While you may not be able to monitor all of your child's activities, there are things you can do to prevent cyberbullying and protect your child from harmful digital behavior:

- Monitor a teen's social media sites, apps, and browsing history, if you have concerns that cyberbullying may be occurring.
- Review or re-set your child's phone location and privacy settings.
- Follow or friend your teen on social media sites or have another trusted adult do so.
- Stay up-to-date on the latest apps, social media platforms, and digital slang used by children and teens.
- Know your child's user names and passwords for email and social media.
- Establish rules about appropriate digital behavior, content, and apps.
