Parent Engagement Survey

If you are the parent of a currently enrolled student in the Lapwai School District, we are seeking your input by **March 31st**. Schools across the state are participating in a new parent engagement survey. This survey gives you the chance to share your input on several topics to help measure how our schools are doing in meeting your needs.

The survey only takes a few minutes and your responses are anonymous, but they will be critical in helping us identify opportunities to maximize satisfaction, engagement, and communication.

Parents of currently enrolled students can access the survey by **March 31st** at:
