1st Grade Teamwork Challenge

The 1st grade afterschool program class did a teamwork challenge to create the largest free-standing tower with balloons and tape. Our teams tied with both towers being the same height, so they decided to put both towers together.

Every student brought skills to their team that helped their teams succeed: blowing up the balloons, tying the balloons, finding the end of the tape and cutting pieces off, stacking the balloons so that their towers were stable.

Excellent engineering and cooperation!

Evaluating Mastery

The Superintendent recognized Lonnie Benally with a P.R.I.D.E. ticket this week. Dr. Aiken had the opportunity to substitute in one of his classes. Lonnie was fully engaged in his work, respectful, and an outstanding role model for his peers. Thank you for taking your learning so seriously, Lonnie!
