Celebrations & Pictures of Wildcat Scholars & the Dedicated Staff Who Serve Them

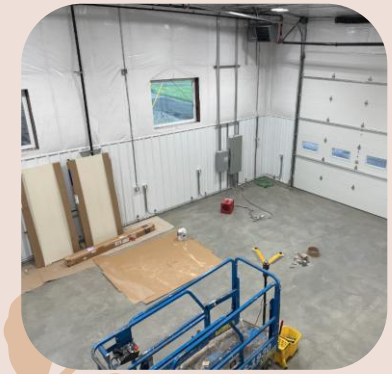

píiwapayatanwaas

Construction of the new Lapwai Middle-High School Career and Technical Education Center is making excellent progress. This new resource will include instructional spaces for Carpentry, Fabrications, and Business Technology.

píiwapayatanwaas, place of mutual assistance and helping each other.

Career and Technical Education Center

Wildcat Roar!

What gets recognized, gets repeated.
What gets celebrated, becomes a habit.

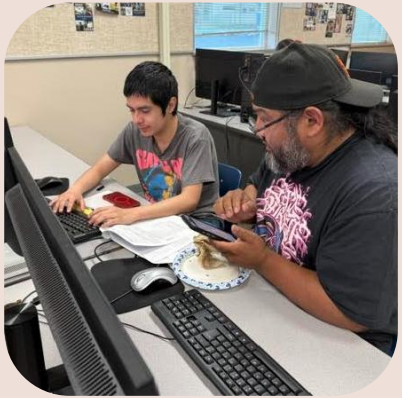

Please join us in celebrating Attendance Clerk, LaTasha Dishion, for coordinating these celebrations!

Congratulations to Ms. Lavielle's 1st Grade Wildcat Scholars for achieving a Wildcat Roar Celebration! Each day an elementary class has everyone in attendance and on time, they receive a Wildcat Roar Card. Once the class achieves 10 cards, they earn the celebration of their choice. This system of celebrating success is an action plan created by the Superintendent's Faculty Cabinet. This team benefits from the generous support of Local Education Program Funds from the Nez Perce Tribe. Please join us in thanking them for making these rewards possible!

FAFSA Night

Lapwai Middle/High School welcomed approximately 27 participants to FAFSA Night, held in Mr. Peterson's classroom. Several students were able to complete their FAFSA applications with assistance from staff from Lewis-Clark State College's Financial Aid Office and two University of Idaho staff members, Wyatt Calkins and Victor Canales. Wildcat staff Brad Peterson, Josh Nellesen, and Jenifer Williams also helped support families throughout the event. A huge shout out to Tia Hernandez and the Nez Perce Tribe Ready4Life team for sharing valuable program information and generously providing delicious pizza for participating families. Thank you to everyone who helped make this a successful event supporting our students' plans for life after high school!

Annual Impact Aid Survey

In an effort to hear the voices of our parents, community members and Nez Perce Tribal leaders in the planning and development of our educational programs and activities, the following survey was created.

Lapwai High School Pathways

Localized Pathways for Regional Workforce and Educational Opportunities

CERTIFIED NURSING ASSISTANT MEDICAL PATHWAY

PATHWAY OVERVIEW: The IDLA CNA program serves as the core credential, with Medical Terminology, Fundamentals of Health Professions, Human Biology, Psychology, and Sociology stacked around it. Students build workforce readiness through CNA certification while earning transferable college credit toward nursing or health degrees.

Lapwai High School Pathways

Localized Pathways for Regional Workforce and Educational Opportunities

BUSINESS MANAGEMENT PATHWAY

PATHWAY OVERVIEW: Prepares students for careers in business, entrepreneurship, management, finance, marketing, accounting, and leadership. Students will gain real-world business skills, earn college credit, and develop the knowledge needed to succeed in both the workforce and postsecondary education. This pathway combines Career Technical Education (CTE), dual credit opportunities, workforce readiness training, and college preparation to ensure students graduate ready for their next step.

Lapwai High School Pathways

Localized Pathways for Regional Workforce and Educational Opportunities

AGRICULTURAL FABRICATIONS PATHWAY

PATHWAY OVERVIEW: Designed for students interested in agriculture, welding, fabrication, construction, mechanics, natural resources, and skilled trades. Through hands-on learning, leadership development, industry experiences, and workplace training, students graduate prepared for employment, apprenticeships, technical schools, or college programs related to agriculture and industrial technology. This pathway combines Career Technical Education (CTE), leadership development, environmental science, welding, fabrication, and real-world internship experiences to prepare students for success in Idaho's growing agricultural and trades industries.

Lapwai High School Pathways

Localized Pathways for Regional Workforce and Educational Opportunities

COLLEGE READINESS PATHWAY

PATHWAY OVERVIEW: Designed for students who plan to attend a college, university, or advanced workforce training program after high school. Through rigorous coursework, dual credit opportunities, and advanced academic experiences, students can graduate from Lapwai High School prepared to succeed in higher education.

University of Idaho

Indigenous Knowledge for Effective Education

IKEEP FOR YOUNG PEOPLE PATHWAY

PATHWAY OVERVIEW: IKEEP for Young People introduces high school students to Indigenous education through dual credit courses, mentorship from Indigenous educators, and hands-on, land-based learning experiences focused on land, place and community.

IKEEP expands our College and Career Readiness Pathway for students interested in pursuing a teaching degree or career in education.
