Student Perspective on Financial AID

Well renowned and cherished senior student Bobby Lesh proved to the honorable Josh Nelleson that he did not care for, or understood the value of neither his time nor the energy that went into FAFSA Night. Instead of being at FAFSA Night himself the lovely Bobby Lesh instead chose to stay at home "Watching YouTube and playing video games" he said in an interview. While it was quite shocking that such a brilliant student wouldn't attend such an important event, he chose to send his poor mother to take his place. When asked to speak about her son's horrendous actions Bobby's mom held back tears and said, "He was always such a good boy, I don't know where I went wrong."
